

The Fercumbe C of E Primary School

Anti-Bullying Policy

Approved by: TFS Governing Body Date: 5.12.23

Last reviewed on: October 2023

Next review due by: October 2024

Rationale

‘Central to Christian theology is the truth that every single one of us is made in the image of God. Every one of us is loved unconditionally by God. We must avoid, at all costs, diminishing the dignity of any individual to a stereotype or a problem.’

(Archbishop of Canterbury, Justin Welby. Valuing all God’s Children. 2017)

Within the Ferncumbe community, we encourage all to treat each other with dignity and respect at all times. This philosophy is enshrined in our school’s key values and our behaviour policy.

Policy Aims

All children at The Ferncumbe C of E Primary School have the right to be safe and happy both in class and in the playground. We strive to ensure that all children are kept safe and can flourish. Bullying can cause great distress and have a significant impact on health and learning. Both adults and children need to know what to do when this occurs.

In reference to the Equality Act 2010, it is unlawful for a school to discriminate against a pupil or prospective pupil by treating them less favourably because of their:

- sex
- race
- disability
- religion or belief or sexual orientation.

At Ferncumbe, we are committed to preventing and responding effectively to the bullying of protected and vulnerable groups of children including disabled children / children with SEN, those who are or perceived to be LGBT, race and faith minority groups, sexist and sexual bullying.

We have due regard to the need to eliminate discrimination, advance equality of opportunity and foster good relations between different people when carrying out their activities. Under this duty, we must challenge and prevent discriminatory language being used in our school.

Bullying can be addressed in a number of ways including 1:1 support and reparative work, assemblies, class circle time and PSHE, outside agency involvement and through the curriculum. The school will seek to promote curriculum opportunities to address gender bullying and gender stereotypes, particularly through PSHE (Jigsaw), and promote positive images of both girls and boys in non-traditional and non-stereotypical roles in the formal and informal curriculum.

Parents and children should know that they can share their worries with the class teacher or a trusted adult in the school. Bullying will not be tolerated at Ferncumbe School and allegations of bullying are taken very seriously.

Objectives of Policy

- To describe school systems for dealing with bullying
- To have strategies in place to support victims and bullies
- To ensure that parents know who to approach if they are worried that their child is being bullied

- To ensure that children know what bullying is and know what to do when it occurs

Other Relevant Policies

This policy complements and supports a range of other policies, procedures and curriculum initiatives including:

- Acceptable Use Policy
- Attendance
- Behaviour
- Code of Conduct
- Equality Objectives
- Online Safety
- PSHE and Relationships and Sex Education
- Special Educational Needs

What is bullying?

The Anti-Bullying Alliance defines bullying as: **“the repetitive, intentional hurting of one person or group by another person or group, where the relationship involves an imbalance of power. It can happen face to face or online”**.

Bullying is **not** when children have the odd argument, fall out or engage in a one off tussle.

Bullying can seriously damage a young person’s confidence and self-worth; it is the responsibility of all staff to actively support children who are being bullied and to act in a supportive and confidential manner if a child approaches them with an allegation of bullying.

There are four key elements to this definition:

- **Hurtful**
- **Repetition**
- **Power imbalance** (difficult for victims to defend themselves against)
- **Intentional** (Anti-Bullying Alliance)

Bullying will be treated as a safeguarding /child protection concern when there is reasonable cause to believe that a child is suffering or likely to suffer significant harm. The School will then follow the Safeguarding policy.

Bullying can take many forms but may be one or a combination of the following types:

- **Physical bullying** - Unprovoked assault on a person or group which can range from a ‘prod’, pushing, poking, kicking, hitting, biting, pinching etc. to grievous bodily harm

- **Psychological/emotional** - Reduction of a person's self-esteem or confidence through threatening behaviour, isolating others, tormenting, hiding/taking possessions, threatening gestures, ridicule, humiliation, intimidating, excluding, manipulation and coercion about race, gender, sexual orientation, disability, family circumstances, appearance, or any other feature of their lives which can be used to wound them.
- **Social** – being ostracised or exclusion from peer groups.
- **Verbal** - The use of language in a derogatory or offensive manner, such as swearing, racist or sexist abuse, homophobic abuse, sexual innuendo, spreading rumours, name calling, sarcasm, insulting, threats, teasing, belittling etc.
- **Online /cyber** - posting on social media, sharing photos, sending nasty text messages, social exclusion
- **Homophobic** bullying or gender bullying - Any hostile or offensive action against lesbians, gay, bisexuals or transgender individuals or those perceived to be lesbian, gay, bisexual or transgender.

(‘Bullying: Don’t Suffer in Silence’, a DFES publication; Anti-Bullying Alliance)

Homophobic or gender bullying can be understood as a verbal, physical or psychological attack. Behaviour associated specifically with this type of bullying may include:

- Abusive name calling
- Use of sexual innuendo and unwanted propositioning
- Graffiti with sexual content
- Spreading rumours questioning sexual reputation
- Cyberbullying - the use of mobile phones and the internet to deliberately upset someone else

Who experiences homophobic or gender bullying?

This can affect anyone, regardless of whether or not they are gay, bisexual or trans. It can affect: • children or young people who are lesbian, gay, bisexual or transgender. • children or young people who are thought to be lesbian, gay, bisexual or transgender. • children or young people who do not fit a perceived gender stereotype or seem different. • children or young people who have parents, carers, friends or family who are lesbian, gay, bisexual or transgender. • teachers and other school staff who are, or are thought to be, lesbian, gay, bisexual or transgender.

What is Cyberbullying?

Cyberbullying is a different form of bullying and can happen at all times of the day, with a potentially bigger audience, and more accessories as people forward on content at a click. (From DfE Preventing and Tackling Bullying 2017) More than the well-established forms of bullying, it can significantly add to victims' sense of

insecurity. Victims can be contacted anonymously in places and at times which they once thought safe, particularly through social networking sites and messaging services. (LBTH. 2011)

Cyberbullying has similarities to traditional bullying and much of the guidance and advice in relation to bullying applies. However, there are some differences which can be summarised as follows:

- Bullying can happen 24/7 making it difficult to escape.
- The audience for bullying is potentially much larger increasing the impact.
- Cyberbullying incidents can quickly escalate making them difficult to contain.
- Anonymity and being one step removed makes it easier for the bystander to join in.
- Anonymity also increases the impact on those being bullied as they can't be sure who is responsible.
- There is a general lack of awareness that behaviour is cyberbullying and young people tend to underestimate the impact of their behaviour.
- Unlike traditional forms of bullying, evidence is readily available and should be preserved.

How we support our staff and pupils in understanding cyberbullying:

1) Staff will receive training in Online Safety, identifying cyberbullying and understanding their responsibilities in promoting Online Safety. Staff will be helped to keep up to date with the technologies that children are using and being aware of the reporting tools on different sites and services, in order to support pupils in making a report.

2) Pupils will be educated about cyberbullying through a variety of means, including: Computing lessons, PSHE lessons, assemblies, Anti-bullying Week, Safer Internet Day and other projects. The delivery of regular Online Safety through computing lessons is an important part of the preventative strategy.

3) We will be proactive in discussing cyberbullying with pupils, including how and why it occurs and the consequences of such behaviour. Teaching pupils what is considered morally right and wrong offline 'in the real world' must also be thought of in the same way online.

4) Pupils will sign an Acceptable Use Policy (AUP) as they begin a new school year, before they are allowed to use school computer equipment and the internet in school. This will involve discussions about keeping personal information safe and appropriate use of the internet. This can be shared with parents to discuss its contents with their children.

5) Parents will be provided with information and advice about Online Safety and cyberbullying via the newsletter, leaflets, workshops and websites.

6) Pupils and staff will be involved in evaluating and improving policies and procedures. It is desirable that the pupils will be involved in a response to cyberbullying. They will have a voice through the School Council and the Digital Leaders.

Procedures when responding to cyberbullying incidents:

- 1) All incidents should be reported to the Computing Leader/Behaviour Lead/DSL, who will ensure the person being bullied is supported and take responsibility for investigating and managing the incident.
- 2) The incident will be reported to other people/organisations where relevant i.e. parents/carers, internet or mobile providers, local authority, and, in some cases, the police.
- 3) All efforts will be made to try to contain the incident when content has been circulated to other people.
- 4) The Computing Leader/Behaviour Lead/DSL will investigate and record all incidents of cyberbullying, in accordance with the school's Anti-Bullying policy. NB: The wider search powers included in the Education Act 2011 give teacher's stronger powers to tackle cyberbullying by providing a specific power to search for and, if necessary, delete inappropriate images (or files) on electronic devices, including mobile phones.
- 5) Staff and pupils should be advised to preserve evidence and a record of abuse e.g. save phone messages; record/screenshot/print instant messenger conversations or social network pages; print, save and forward whole email messages to staff. NB: If images are involved, it will be determined whether they might be illegal or raise child protection concerns. If so, the DSL will be contacted, who may involve the LADO (Local Authority Designated Officer), the local police in cases of actual/suspected illegal content, or CEOP <http://ceop.police.uk>
- 6) The person responsible for bullying will be identified. The school will work with them to make them aware of the consequences of their actions and try to change their behaviour - taking into account anyone who passed on emails or texts or posted responses online.
- 7) Disciplinary sanctions will be applied as outlined in the school's behaviour policy. Consider whether a restorative approach to resolving the matter might be appropriate.
- 8) Consider whether the matter should be reported to the police – the age of criminal responsibility is 10. (See laws that may have been broken)
- 9) Confiscate any device(s) if appropriate.

School systems for reporting and monitoring bullying

At Ferncumbe School, we believe it is important to listen to children when they have concerns. Children can fall out with each other or say things that other children do not like. In these circumstances, we encourage children to tell each other when they do not like something that is happening. Staff will help children address issues, mend harm and reconcile through a restorative justice approach, supportive of the school values.

Behavioural incidents (including complaints of bullying) are recorded on CPOMs to establish patterns and provide evidence of action. Children also have the opportunity of sharing concerns through a check-in system that can be found in every class room.

When it is reported that a child is being bullied in school or out of school (i.e. cyberbullying or journeys to and from school), either by themselves or someone else, then action will be taken promptly and firmly. This is necessary even more so if it involves a child who may find it difficult communicating or remembering what has happened.

The allegation will be investigated by the member of staff to whom it has been reported, or where judged necessary, by the DSL. Those children involved will be interviewed separately and unacceptable behaviour be made clear. Depending on circumstances, a restorative intervention may take place with those involved. Written records of incident/s and outcome/s will be collected and recorded on CPOMs. Parent/s of all parties will be informed and invited to meet and work with the school to prevent any further episodes. Relevant staff will be informed in order to safely monitor situation.

To whom can bullying be reported?

All members of staff take bullying seriously. Children are encouraged to tell someone straight away if they think they are being bullied or if one of their friends is being bullied. In assemblies/PSHE lessons, children are told they can tell any adult including:

- a member of staff in the playground
- their class teacher
- a teaching assistant
- the Anti-Bullying Lead, Mrs Reid
- the Head teacher
- DSL
- their parents

Parents should approach the class teacher in the first instance if they have concerns about their child being bullied. If their concerns continue, they can speak to the Behaviour Lead and DSL Mrs Reid.

Support for children involved

Victims will be:

- Encouraged to confide in a named member of staff if the bullying continues.
- Helped to develop positive strategies, increased self-esteem and assertiveness (usually with support of our Thrive practitioner).

- Monitored in class by teacher or in the playground by midday supervisors.
- Told how the perpetrators have been dealt with.
- Encouraged to share feelings during class circle times.
- Supported through restorative justice methods if bullying persists. Sometimes victims of bullying might need help to develop a friendship group.

Perpetrators will be:

- Made aware of the seriousness of their actions and possible consequences.
- Monitored in class by teacher or in the playground by midday supervisors.
- Encouraged to take ownership and responsibility for their actions and the impact on others.
- Where behaviour does not improve, have their own personal behaviour plan.
- Receive sanctions in accordance with the school behaviour policy.

If bullying persists, parents of victims and bullies will be informed and involved in the restorative justice process.

Helping children to talk about and deal with bullying

Children are given the opportunity to discuss strategies to deal with bullying. We actively encourage children to tell when others are being unkind to them. Children are aware of the steps which will be taken by staff if they report bullying.

The curriculum can be used to:

- Raise awareness about all types of bullying, including gender and cyber, and the anti-bullying policy.
- Increase understanding for victims, and help build an anti-bullying ethos.
- Teach pupils how constructively to manage their relationships with others.

At Ferncumbe opportunities for children to discuss bullying and relationships are found through the following means: • assemblies • class worship • direct teaching through PSHE • friendship ambassadors • restorative practice • school council. Care is taken to include SEN pupils in curriculum work about bullying in an appropriate way for their individual needs.

The table below cites where awareness about bullying is taught and mapped out in the school's PSHE curriculum (Jigsaw):

Consequences for Bullying

Through School Council meetings, it was agreed on the following consequences regarding bullying:

1. If bullying happens, then the victim shows courage to ask them to stop and then to tell an adult
2. An adult will speak to pupil about their actions and inform the class teacher.
3. The class teacher will record the incident and meet with parents.

4. The class teacher may inform the Behaviour Lead and DSL or Head teacher and restorative work may take place.
5. The class teacher will undertake activities with the class about bullying and the Behaviour Lead Mrs Reid may lead an assembly on anti-bullying.
6. The police may be invited to meet with children to discuss their actions and the implications of their behaviours if this occurred in the community.
7. If behaviour continues, then the perpetrator will be withdrawn from class or playtime for specific period of time.
8. If there are three reported incidents of bullying, then a meeting will be staged with the Head teacher/Behaviour Lead or DSL and parents to put in place a Pastoral Support Plan for behaviour to avoid exclusion.
9. If bullying continues, then the Head teacher will have no alternative but refer the matter to the Governing Body with the outcome of either a fixed or permanent exclusion.
